

KAL GILL-FACI

CHARTERED ARCHITECT

BA (Hons) BArch ARB
RIBA Conservation Architect (CA Level)

PERSONAL PROFILE:

Registered as an RIBA Conservation Architect, I have worked on a number of Conservation and Cultural Projects as well as Commercial and Transport Projects over the past two decades. More recently I have worked Healthcare and Housing Schemes. I have considerable contractor and client-facing skills as well as a proven track record of clear and concise communication of architectural issues between Client and Design Teams. Whether contributing on a technical, administrative, contractual or organisational level, my work is characterised as much by quality assurance as by scheduled delivery. I have worked on a number of schemes that have been HLF funded and in particular that involved Listed buildings.

KEY SPECIALISMS:

- Heritage and Conservation
- Planning and Listed Building Consent
- Social Value
- Sustainable Design
- Stakeholder Management
- Public Consultation
- Contract Management
- Concept to Complete Designer
